Vision:

To promote optimal learning opportunities for the children of St. Nectarios Greek School to explore and appreciate the richness of the Greek language, the Orthodox faith, and our Greek history/culture as it relates to the formation of their identity as Greek Orthodox Christians.

Mission:

To provide our children with an engaging environment that is supported through a variety of learning experiences that are integrated into a strong, core curriculum that delivers instruction in the speaking, reading and writing of the Greek language. We will achieve this goal by providing excellence in Greek education through instruction that is delivered by highly qualified Greek instructors.

Tuesday 4:15-6:30 p.m.

Friday 4:15-7:15 p.m.

*Registration Now Open for
2018-2019 School Year*

- ✓ Prekindergarten, Level I, Level II, Level III and Level IV classes
- ✓ Instruction in Greek Literacy Skills Reading, Writing, Speaking by highly qualified teachers
- ✓ Integration of Greek Language, Orthodox Faith, Greek History and Cultural Traditions
- ✓ Traditional Greek Folk Dance instruction by highly qualified instructors
- ✓ Choral instruction in Greek Folk Music, Church Hymnology
- ✓ Extra-Curricular activities to build memories and lasting friendships
- ✓ Outstanding parental participation and support – We love our PTO!

Beliefs:

- We believe that as we engage in the work to help our children develop fluency and literacy in the Greek language, they will be actively engaged in the life and mission of St. Nectarios Greek Orthodox Church.
- We believe that the study of Greek language, culture, traditions and history enhances our children's sense of pride and identity in their Orthodox faith and Greek heritage.
- We believe that our value can only be measured through the enthusiasm and efforts of our Priest, Parish Council, Greek School Board, Directors, Teachers and parents in our learning community who support and provide resources for the Greek School program at St. Nectarios.
- We believe that built upon the strong foundation of the church, the importance of maintaining our heritage through educational and cultural pursuits will instill literacy in the Greek language and pride in our Orthodox faith and Hellenic heritage.
- We believe in research that supports the benefits of learning a second language in that it increases and enhances overall cognitive development, promotes cognitive flexibility and problem solving and promotes cultural awareness and competency in our children.
